**Yocouba Mousa of Mission Des Disciples of Christ in Benin  
West Africa sent the following photos of their farm.**

**Yocouba Mousa, of Mission Des Disciples of Christ, in Benin, West Africa, sends photos of a farm used to provide training in vegetable production. The training will assist poor families in generating an income. Yocouba says, "We like to grow tomato, pepper, cabbage, lettuce and green beans. When we were in Agriculture School, they used to tell us that if you want to bring a new thing. Do not ask the people to do it. But do it yourself in their presence. The important thing is to start and believe then many others will follow"**

---

**DRIP KITS WORK GREAT!**

**Super Bucket Kits have been installed at the Into Abbas Orphanage. Gordon Clark sent these photos of cabbage plants already growing, with the message "Drip is working great, Thanks."**

**CHAPIN LIVING WATERS** is a 501 (c)3 organization. Contributions are fully tax deductible.
