LATEST NEWS FROM

Jon Fripp

“You may recall that we collected money during our Rush Creek Christian Church Alternative Gift Fair last fall to purchase drip bucket kits in bulk. These were to be assembled and provided in South and Central America as part of the North Texas Engineers Without Borders work .

We measured and cut almost over 2 miles of drip hose and assembled close to 100 kits.

The youth Minister called it our Bucket Brigade. We even found time to order out for pizza. It was a great success and everyone left feeling good about the opportunity to do good.

Family Mission Work Night that put all this material together. We had over 35 people attend ranging in ages from 5 to somewhat north of 70.”
