

Chapin Living Waters (CLW)

Bucket Kit News

January 2010

Please Pray for the people of Haiti!

CLW has partnered with dozens of organizations in Haiti since the 1960s providing relief for their poor people so they can grow their own vegetables.

News Reports — As many as 150,000 were killed in a horrible earthquake on Tuesday, January 12th.

Relief Organizations around the world are rushing food, water and medical supplies to those caught in the disaster.

Be assured, as soon as communications are reestablished, CLW will be sending more drip kits.

These vegetables were grown by Mr. and Mrs. Harry Derr, volunteers at JAARS International Headquarters in Waxhaw, NC.

Their purpose is to demonstrate to JAARS Missionaries that vegetables can be grown in countries where there is very little rain.

JAARS is the Aviation Arm which provides wings for Wycliffe Bible Translators
