SUPER BUCKET KITS IN MATAPILA, MALAWI

Mr. Paul Sigmund of Ministry of Hope says “I felt this to be an example of the good you and your organization are accomplishing throughout the world. Several community leaders and church officials have come to see it and recognized how it could be adapted into households. We have experienced excellent results with Chapin Drip tape.”

BUCKET KITS IN GAO, MALI

Board member Dr. J.L. Williams reports “I just received these pictures of a garden at a Bible College where I deployed several of your Bucket Drip Irrigation Kits. This is a real answer of prayer since it is now helping feed the students. Hopefully we will be multiplying this there in the months ahead.”

Mr. Jim Stanchfield writes "One of the projects on the island is to boost farming output with your Bucket Kits and simple greenhouses. The use of Bucket Kits is spreading among the island people."

THIRD ANNUAL 'DRIP BUCKET BRIGADE' - IN TEXAS

Mr. Jon Fripp of Rush Creek Christian Church reports "We had 80 people from a variety of churches and faith backgrounds participate in cutting and assembling several miles of drip tape. Everyone had fun working together. Overall, we have sent out over 350 kits total from the efforts of the past few years. We have about 150 more kits waiting to go to folks involved with using this simple irrigation technology as part of their mission and outreach efforts."
